TRAINING**AIA's Studio, Burbank, CA** – Commercial and casting director workshops.**Broadcaster** – Major-market announcer, newscaster, on-air talent for 10 years.**Off-camera** – Professional computer and Internet design consultant since early 1990s.**Penn State University** – Theatre acting major for above stage productions.**SPECIAL SKILLS**

I am a college instructor of mild Irish-Italian ethnicity. I have a smooth, vocal narrative presence, and possess excellent hands and feet. My professional on-camera experience and understanding of computer, Internet and animation technologies make me a perfect expert guest commentator, documentarian, or audio-visual host for a game, travel, computer or technology show. I bike, kayak, disco dance, and sing karaoke. I am easy and pleasant to work with, and am known to take direction well.
